Simons Landscaping of South St. Paul is the recipient of the River Heights Chamber of Commerce's small business of the year award.

Owner Dave Simons and vice president Patti Simons, Dave's mother, accepted the award this month at the chamber's luncheon and trade show at Southview Country Club in West St. Paul.

The event marked the 25th year the chamber has presented the award.

Simons Landscaping, which started in fall 1999, does residential and commercial landscaping, snow removal and lawn-care management. It has a staff of seven full-time workers.
